Centre

## Display Features

Our display kitchen offers more than 100 design features for you to explore. On this floor plan we've listed just 25. See if you can spot the others. If you're not sure what to look for, why not attend one of the Design Briefing sessions held regularly by our Director of Design, John Crooks? Check for the next session time on the pantry cupboard door.

### 1. Slump glass splashback

Easy to clean, hides finger marks and spatters. Stunning feature wall "Running Water Hole".  
<http://www.wathaurongglass.com.au>

### 2. Range hood with canopy

High flyover allows full view of slump glass feature wall and canopy, more lighting.  
<http://www.rangehoods.info>

### 3. Gas cooktop and oven

Cast iron stands. Excellent pot spread. Wide oven caters for large meals or larger groups.  
<http://prestigeappliances.com.au>

### 4. EzyVent modular rangehood ventilation

Safe, strong, easy to install/clean. Noise-free. Keeps out vermin, insects. No fire or health hazard. No tape, sealants. 25 year guarantee.  
<http://www.ezyvent.com.au>

### 5. Ingenious pot drawer

Huge pot drawer, right where you need it. Store buckets, tureens, other large items.

### 6. Askilan® engineered stone benchtops and splashbacks

Tough, stylish, hygienic, light-weight and affordable. Hard as granite. Won't chip, shatter or crack. Safe for pots and dishes directly from oven or cooktop. Non-porous. Won't stain or absorb moisture or odours. *Hygienic.*

### 7. Lift-up cupboard door

Easy-to-reach storage. Door stays up while preparing meals or putting away dishes. No risk of injury or damage to doors. Cupboard linings in light grey to hide marks. Tough, complementary coloured edge-banding for durability.

### 8. Drawers (40kg load capacity)

Wide and extra deep for tall pots. Full extension for better access. Plinth drawer (kickboard) for extra storage (examples: steps, wine storage).

### 9-10. Pantry Cupboards

Split doors add interest, flexibility. Two types of roll-out shelves, including full extension and brakes. 9 has 165° hinges for wider opening and better access, with adjustable wire baskets. Handy memo board on door. 10 has smooth-action drawers and an apron hook.

### 11. Askilan® engineered stone flyover

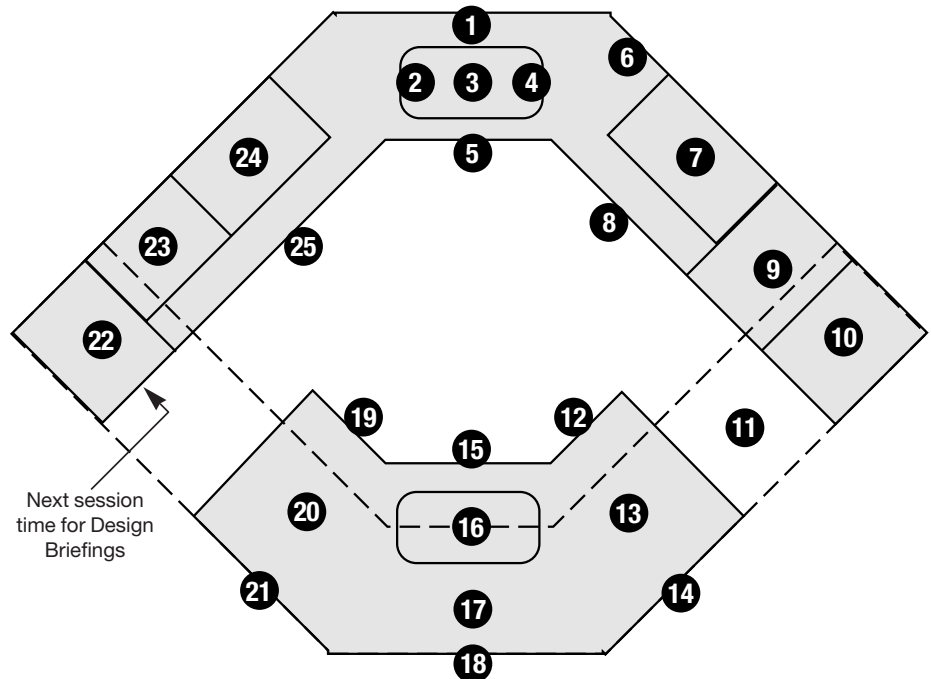

Because of its light weight and affordability, Askilan® flyover ceiling units are the perfect complement to your benchtops and splashbacks. Allows extra lighting over benchtops.

### 12. Drawers

Deep, fully-extendable, soft closing (air brakes) for crockery. Modular cutlery inserts.

### 13. Askilan® engineered stone benchtop

80mm thick designer-look benchtop with waterfall side panels. Extra strong for main work area. Thickness can hide cabling to non-protruding power points on side panels. Minimal overhang for aesthetic appeal and easy cleaning.

Askilan® engineered stone on benchtop and side panels is strong, non-porous, hygienic.

### 14. Crockery cupboards

Acrylic panel doors with push catches hide extra crockery storage, with no handles protruding into passageways. Double-laminated glass shelves (in all crockery cupboards) for strength and to allow illumination and viewing.

### 15. Under sink drawers and recycling centre

Extra wide and deep drawers with 70kg runners for extra strength, smooth operation (30kg is industry standard). Soft closing (air brakes). Top drawer features recycling centre with 2-4 bins for waste management, skirts around plumbing. Cleaning gear, easy access. Additional drawer stores chopping boards, colanders and drainers when not in use. Plinth drawer (behind kickboard) stores handy items like tools, steps.

### 16. Double-bowl undermount sink

Sleek designer look, large capacity (200mm deep). Drainer, strainer and chopping board covers for optimum use of space. Italian inspired square form tap with ceramic discs for longer life and superior performance. Pots fit easily under high stem.  
<http://www.oliverisinks.com>

### 17. Dining area for two

Spacious and handy to sink and bench space for serving and cleaning away.

### 18. Acrylic back panel

Generous overhang with recessed back panel of painted acrylic. Kick-proof, easy to clean and matches slump glass splashback diagonally opposite (behind stove and canopy) for added colour and visual impact.

### 19. Drawers (see 12)

Cutlery drawer with interchangeable units to suit any requirements. Special space for long knives, etc.

### 20. Work area (see 13)

In addition to valuable work space, it adds symmetry and balance to the appearance of the kitchen.

### 21. Crockery cupboard (see 14)

### 22. Pantry

Pulls out as door opens. Baskets and shelves offer easy access. Adjustable heights add versatility to storage area.

### 23. Appliance Centre

Practical, attractive roller door hides appliances, cookbooks, etc. Shelves are adjustable. Stainless steel laminate gives stylish appearance – and no finger marks or smudges.

### 24. Cupboard (see 7)

### 25. Cupboards and drawers

Assorted cupboards, drawers, racks and storage areas with useful inserts and storage solutions. 40kg load capacity runners. Doors feature 165° hinges for superior access.

Our Director of Design, **John Crooks**, will present regular **Design Briefings** throughout the **Home Ideas Show**. Check session times on the display (see floor plan above for location of notice).
